Importance: High

Hi Debra and Shanta.

Here's my latest attempt to do Q&As for the aldicarb decision. These would be internal, only – used to answer questions we might get from the press on the announcement.

Please feel free to react both to the questions themselves and the answers. Answers basically come from the decision document. I may have included too much information.

We'll have to get these to the OPP IO and the OCSPP IO soon.
